

REMARKS

I. Status of the Application

Applicant notes that the Office Action of August 15, 2007 is withdrawn pursuant to MPEP § 710.06, and no reply is currently pending. This is a supplemental amendment. No reply is possible, and a corrected Office Action is requested pursuant to MPEP § 710.06, as reflected in the paper filed herewith.

Claims 2, 4 and 6-33 are now pending, a total of 30 claims. Claims 2, 18 and 25 are independent. Claims 2, 4, 6-12, 15-21, and 23-33 have herewith been amended. The amendments to the claims are supported by the application as filed. Accordingly, entry of the amendments is respectfully requested.

The claims are amended to meet certain points in the Office Action that appear to lack any statutory grounding, and to recite particular embodiments that Applicants, in their business judgment, have determined to be commercially desirable. The claim amendments have not been submitted for any reason relating to patentability, or to overcome any rejection. Indeed, Applicants believe that the Action is too incomplete to establish a prima facie rejection and to fully respond, as such, Applicants reserve the right to pursue the subject matter of the previously presented, and of the previously or currently cancelled claims in one or more continuing applications.

II. Interview Summary

Applicants thank the Examiner for his time conducting an interview on September 10, 2007. During this interview Applicants discussed the novelty of the present invention and the cited references with the Examiner. No agreement was reached regarding claim allowance or amendments.

III. Conclusion

Applicant requests that the application be passed to issue in due course. The Examiner is urged to telephone Applicant's undersigned counsel at the number noted below if it will advance the prosecution of this application, or with any suggestion to resolve any condition that would

impede allowance. In the event that any extension of time is required, Applicant petitions for that extension of time required to make this response timely. Kindly charge any additional fee, or credit any surplus, to Deposit Account No. 50-3938, Order No. CF/047 – 01-1047.
